

IOS VS Android

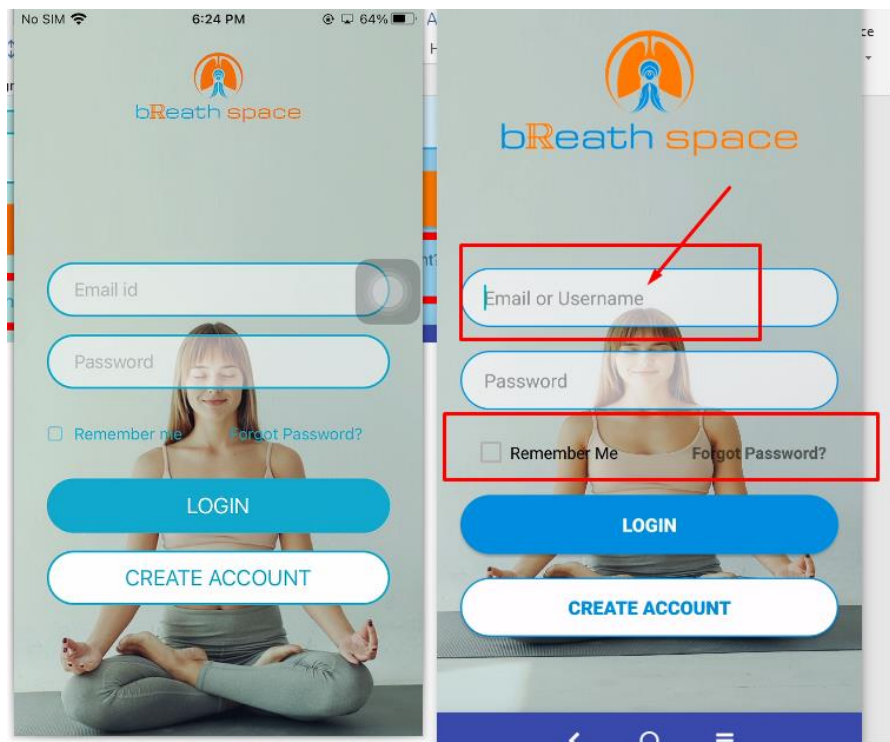

Screen: 01

The image compares the login screens of an iOS app (left) and an Android app (right) for 'bReath space'. The iOS screen features a light green background with rounded rectangular input fields for 'User name', 'Email Id', 'Password', 'Confirm Password', 'D.O.B', and 'Intersex'. A 'Done' button is at the bottom right, and a gender selection menu is open, showing 'Male', 'Female', and 'Intersex' (highlighted with a red box). The Android screen has a light blue background with rounded rectangular input fields for 'Username', 'Email ID', 'Password', and 'Confirm Password', followed by 'D.O.B' and a gender dropdown menu currently showing 'Male'. A gender selection menu is also open, showing 'Male', 'Female', and 'Intersex'.

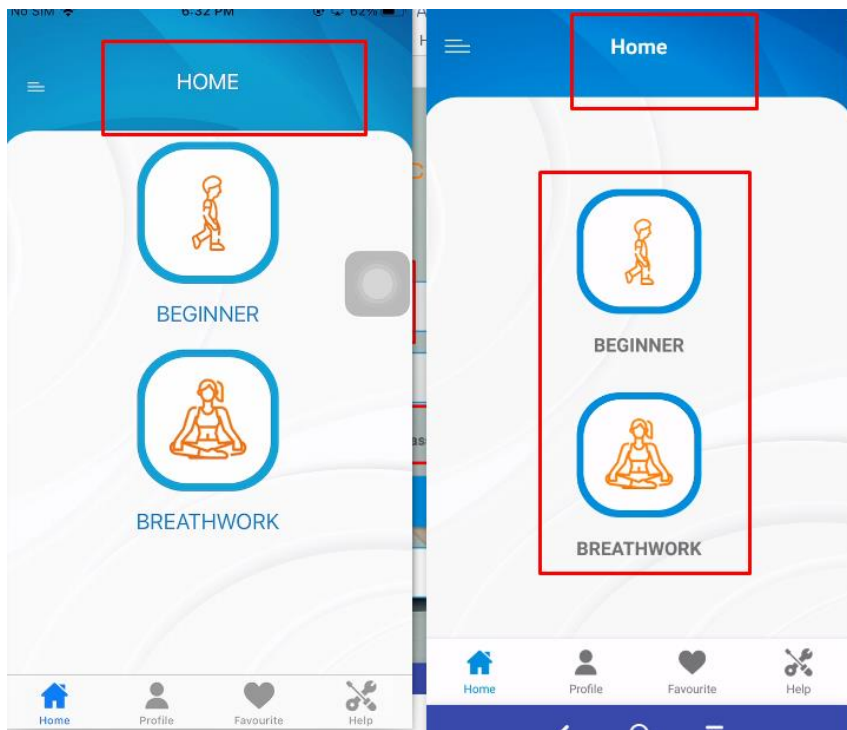

Screen: 02

The image compares the signup screens of an iOS app (left) and an Android app (right) for 'bReath space'. The iOS screen has a light green background with rounded rectangular input fields for 'User name', 'Email Id', 'Password', 'Confirm Password', 'D.O.B', and 'Intersex'. Below these is an orange 'SIGNUP' button and a link 'Already have an account? Login' (highlighted with a red box). The Android screen has a light blue background with rounded rectangular input fields for 'Username', 'Email ID', 'Password', 'Confirm Password', 'D.O.B', and a gender dropdown menu showing 'Male'. Below these is an orange 'SIGNUP' button and a link 'Already have an account? login' (highlighted with a red box).
